Description : Description du produitI'm no coward. I want to make that perfectly clear. But after my life turned into a horror movie, I take fear a lot more seriously now. I finally became Dr. Carrie Ames just eight months ago. Then I was attacked in the hospital morgue by a vampire. Just my luck. So now I'm a vampire, and it turns out I have a blood tie to the monster who sired me. The tie works like an invisible leash and I'm bound to him no matter what I do. And of course he's one of the most evil vampires on earth. With my sire hell-bent on turning me into a soulless killer and his sworn enemy set to exterminate me, things couldn't get much worse -- except I'm attracted to them both. Drinking blood, living as an immortal demon and being a pawn between two warring vampire factions isn't exactly how I'd imagined my future. But as my father used to say, the only way to conquer fear is to face it. So that's what I'll do. Fangs bared.

him no matter what I do. And of course he's one of the most evil vampires on earth. With my sire hell-bent on turning me into a soulless killer and his sworn enemy set to exterminate me, things couldn't get much worse except I'm attracted to them both. Drinking blood, living as an immortal demon and being a pawn between two warring vampire factions isn't exactly how I'd imagined my future. But as my father used to say, the only way to conquer fear is to face it. So that's what I'll do. Fangs bared.

From Publishers Weekly: Armintrout's bold debut, the first book in a violent vampire series, bares its fangs early, unafraid to spill blood and vital organs from its very first pages. ER resident Dr. Carrie Ames tells the story of how, after being attacked and left for dead, she eventually realizes she's been "turned." Fellow vampire Nathan Grant saves Carrie from her sire's jealous lover, only to give Carrie a life-or-death ultimatum: either pledge allegiance to the Movement, a group of humanitarian vampires dedicated to the eradication of their own race, or perish for their cause. Feisty, independent Carrie would like to make up her own mind, but an invisible "blood tie" to Cyrus Kerrick, her evil sire, leaves her in his thrall; she can't help lusting after his body and power. A deadly game of wits develops between Carrie and Cyrus, whose desire for companionship masks his plot for world domination. Carrie, Cyrus and Nathan are all well drawn, as is the love triangle that develops among them. The book's level of gory detail the narrator is, after all, a newly minted emergency room doctor may put off all but the most stalwart of readers, but if you've got the stomach for it, this fast, furious novel is a squirm-inducing treat.
