## Description :

Prsentation de l'diteurCharles Taggart is stuck in the repetition of adult life. He has a job, an apartment and everything seems fine. But after the death of a close friend and the unexpected reappearance of a lost love, Charles is left shaken. He finds himself forced to reevaluate what he wants, or whether he wants anything at all. Blending humor and drama, Committing tells the story of a group of friends in their mid-20s struggling with the transition to adult life. In the space of one year, they are all forced to confront love and loss, joy and pain as they merely live their lives, which is perhaps the greatest commitment of all.Prsentation de l'diteurCharles Taggart is stuck in the repetition of adult life.
