Description :

Prsentation de l'diteurThe Global Maritime Distress and Safety System (GMDSS) provides a fast and efficient way of calling for assistance at sea, whatever the size of craft or geographical position. Now updated for the fourth edition, this book explains the operation of the system as a whole and the procedures involved, as well as covering the syllabi of the General Operator's Certificate (GOC), the Long Range Certificate (LRC), and the Restricted Operator's Certificate (ROC). GMDSS: A User's Handbook has proved an invaluable reference for both exam candidates and equipment users alike. 'The ideal publication' Cruising 'Concise and lucid practical guidance' The Nautical Magazine 'A useful guide for those taking examinations... or those who need to brush up on procedures' Lloyds List Revue de presse Essential pre-course reading', --World Cruising Club 'Written and presented with admirable clarity and

simplicity...extremely handy QA sections', --Nautilus UK Telegraph
If I'd known of this publication when I was doing my certificate it would have made life a lot easier...Thoroughly recommended', Lloyds List
'...this is a clear and cleverly constructed book. It is nicely designed, well-written and well-illustrated, providing straightforward explanations of the systems and the equipment', Nautilus, The Telegraph
'a concise guide...can be recommended for anyone who has an interest in the subject', --Cruising Magazine
