## Description :

Prsentation de l'diteurOriginally published in 1869, this unusual book will appeal graetly to all who are interested in the early history and manufacture of the bicycle. Chapters include; The French bicycle, The American or Pickering bicycle and The tricycle. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.Prsentation de l'diteurOriginally published in 1869, this unusual book will appeal graetly to all who are interested in the early history and manufacture of the bicycle.
